

### Pen-size IR

One end of the pen features a super bright white LED. A standard AAA battery provides 6 hours of continuous illumination. The other end contains a non-contact infrared thermometer. Press the button to scan temperature and release to hold. The IR thermometer has a response time of 1 second and is protected by a lens cap when not in use. Two LR44 (button cell) batteries provide 35 hours of continuous temperature measurement. All batteries (1 AAA and 2 L1154 button cell) are included, and the display will inform you when they need to be changed. Comes in an attractive foam-lined metal case. N.I.S.T. traceable certificate of compliance available.

DIM: 6" x 1/2" (152 x 13 mm). WEIGHT: 2 oz (57 g).

No.	Description
